# Sponsorship Program 2009

*"In every community there is work to be done.  
In every nation, there are wounds to heal.  
In every heart there is the power to do it."*

*Marianne Williamson*

**FIGHTING BACK**  
PARTNERSHIP

## Vallejo's Fighting Back Partnership

is a non-profit collaboration that partners with business, residents, and government to improve neighborhoods, strengthen families, and support youth development creating a safe, healthy and thriving community.

Over the past 18 years, Fighting Back Partnership has worked to dramatically reduce drug and alcohol use among Vallejo children and families and related crime and violence. These programs include:

### FAMILY INITIATIVES

Fighting Back Partnership has three Family Resource Centers in Vallejo, which are uniquely located in neighborhoods to serve families with children up to 18 years of age. The goals of the FRC's are to offer local family support linkage and service to families in their own neighborhood by promoting healthy families in healthy communities.

### NEIGHBORHOOD INITIATIVES

The Vallejo Neighborhood Revitalization (VNR) project is a comprehensive community project, which improves the quality of life for residents in deteriorating high-crime neighborhoods. Through a strategic alliance between community non-profits, city agencies including but not limited to police, fire, and code enforcement, neighborhood groups and the business community meet regularly to implement this program. To date, we've been successful in 23 out of 25 neighborhoods.

### YOUTH INITIATIVES

- FAST, a family building program, supports families to be stronger communicators, strengthen family ties, to have fun, and learn more and get more out of your community.
- Synergy is a grass roots coalition of community leaders and representatives concerned about and committed to addressing critical health issues for Vallejo's youth.
- Youth Partnership works to reduce drug use among youth and promote advocacy through events such as the Youth Town Hall Meeting and a Youth Candidates Night Forum.
- Solano Mentor Collaborative's strategy is to strengthen local mentoring programs, which includes increasing the number of adult mentors, and to offer our communities' youth a means to make positive choices.

### ENVIRONMENTAL STRATEGIES

Environmental Strategies aims to help raise awareness among youth, peers and other members of the community regarding access to tobacco and alcohol, and the prevalence of advertising and promotion of these products in Vallejo.

## What to Expect from Your Sponsorship...

Your business will be promoted as a sponsor in a wide variety of outlets.

We will showcase your business in our program with an ad and/or article, depending on your level of sponsorship, display your logo on promotional materials and banners, and provide marketing space at special events. See below for more details!
